STATEMENT CONCERNING TSE

This document certifies that products produced by AAK*

- do not contain raw materials of animal origin
- are not processed by processing aids of animal origin
- do not contain additives of animal origin, except skim-milk, whey powder, butterfat and butter flavouring, which are used in some specific products. The presence of such ingredients is indicated in the product information sheet for each product.

To the best of our knowledge, no risk of infection with TSE (Transmissible Spongiform Encephalopathy) is therefore associated with our products. This is also in compliance with the regulation on prevention, control and eradication of certain transmissible spongiform encephalopathies, Regulation (EC) No 999/2001 including amendments.

Global Operations

Quality & Food Safety

*This statement concerns products produced at the AAK sites in Aarhus (Denmark), Zaandijk (Netherlands), Rotterdam (Netherlands), Karlshamn (Sweden), Hull (UK), Merksem (Belgium) and Bastogne (Belgium). This statement concerns products sold by AAK Emulsifiers Ltd, Hale (UK). This statement does not cover Business Area Technical products and Feed and therefore excludes products from Tefac and Feed & Crusher.
